This is a work of fiction and parody. Names, characters, products (including the Gratitude Rug, the Echo Mirror, Failure Insurance and Potential Cologne), businesses and incidents are the products of the author's imagination or are used fictitiously. Real places, such as San Blas Beach, El Salvador, are used fictitiously. Any resemblance to actual persons, living or dead, or to actual businesses or events is coincidental.

Illustrations were created with the help of AI image-generation tools, then selected, edited, composed and lettered for this book. Story by Jason Allen Plouff, adapted for this volume.

First edition, 2026. Independently published.

Vol 111 is the behind-the-scenes book. Jason, Sage and Spark walk through how every Almost Animated comic gets made, one step at a time, with the newest art from the photo stream.

CAMPFIRE CHAT

SAGE

Tonight we show you the kitchen, not just the meal.

SPARK

Behind the scenes! Please ignore the coffee cups. All forty of them.

IT STARTS IN THE PHOTO STREAM

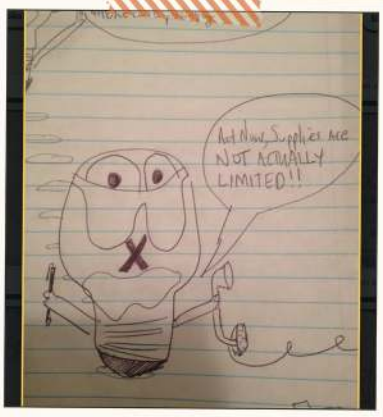

JASON, YOUR HOST

Every comic starts on my phone. A photo, a sketch, a note to myself.

Nov 17: a real photo under the Bitcoin sign.

Nov 20: the old X-eyes bulb, sketched again on paper.

Nov 16: the bulbs at the bar, four takes of one idea.

CAMPFIRE CHAT

SAGE

Write it down or snap it. Ideas evaporate fast.

SPARK

My camera roll is 90 percent ideas and 10 percent cats.

BUILD THE CAST

JASON, YOUR HOST

Then the characters get a codex card: name, wants, fears, how they glow.

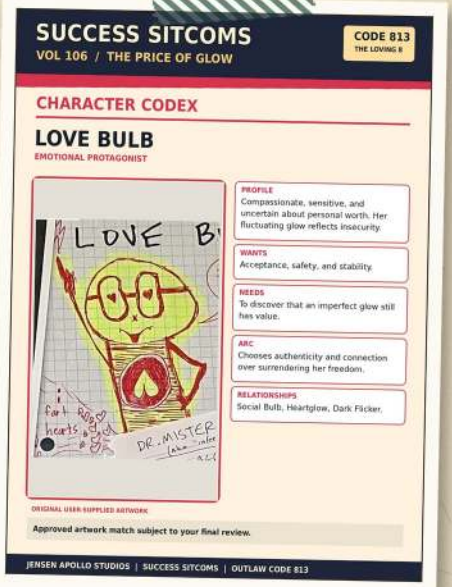

Love Bulb: the codex card for The Price of Glow.

Heartglow, the cafe owner, gets a card too.

Character Codex: One 11.

Every card starts as a line drawing.

CAMPFIRE CHAT

SAGE

Know what your character wants, and the story writes itself.

SPARK

My codex says I want snacks. Accurate.

SCRIPT FIRST, PICTURES SECOND

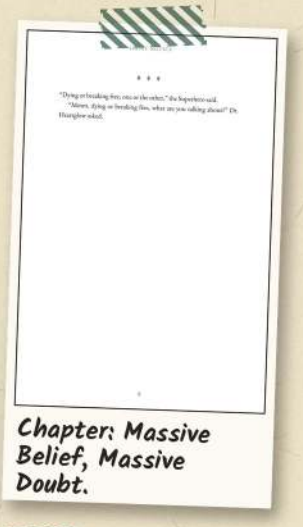

JASON, YOUR HOST

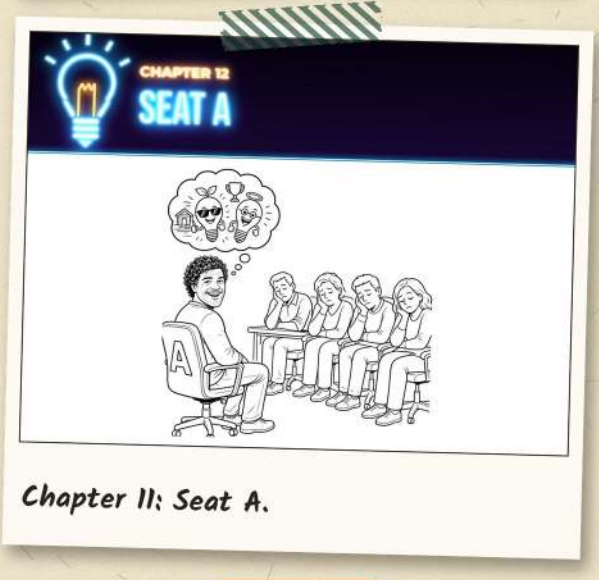

Before any art, there is a script with scenes and lines.

Chapter: Destined to Be a Superhero.

Chapter: Massive Belief, Massive Doubt.

Chapter 11: Seat A.

CAMPFIRE CHAT

SAGE

The words are the skeleton. The art is the skin.

SPARK

Sage just said skeleton at a comic book. Spooky.

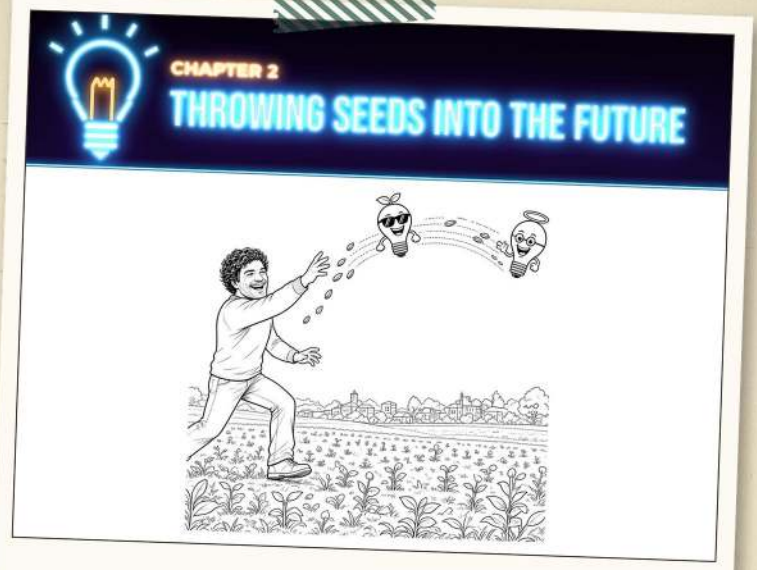

FRAME BY FRAME

JASON, YOUR HOST

The script becomes rough storyboards, one frame at a time.

Chapter 2: Throwing Seeds into the Future.

Chapter 4: Seven Minutes a Day.

Momentum, sketched in line art.

CAMPFIRE CHAT

SAGE

Rough first. Pretty later.

SPARK

Stick figures with feelings. That is my art style.

TWELVE COVERS TO FIND ONE

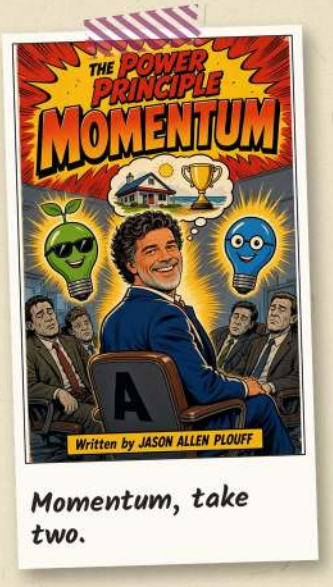

JASON, YOUR HOST

Then I try cover after cover until one jumps off the shelf.

The Power Principle of Momentum, take one.

Momentum, take two.

Sitcom Guide: The Lightbulb Gratitude Rug.

Gratitude Rug: the version that stuck.

CAMPFIRE CHAT

SAGE

The cover is a promise. Make it a good one.

SPARK

I voted for all twelve. Democracy is hard.

PAGES AND PANELS

JASON, YOUR HOST

The art gets laid out into pages, with bubbles and captions.

Act One: the Gratitude Rug pages.

"Rest, don't nest."

Tribal Berries: a page from Success Sitcoms Vol 103.

CAMPFIRE CHAT

SAGE

Panels are the rhythm. Bubbles are the voice.

SPARK

My bubble is always the biggest. Coincidence.

BACK COVER AND ADS

JASON, YOUR HOST

Every book gets a back cover with the whole story in 12 scenes, plus ads.

The Gratitude Rug back cover, first pass.

Dark version: 12 scenes and the ad strips.

Final back: Streamline with AI, Potential Cologne and more.

CAMPFIRE CHAT

SAGE

Some ads are real. Some live in the Lightbulb universe.

SPARK

Real Alley Tea is fake. My love for it is real.

THE SCREENING ROOM

JASON, YOUR HOST

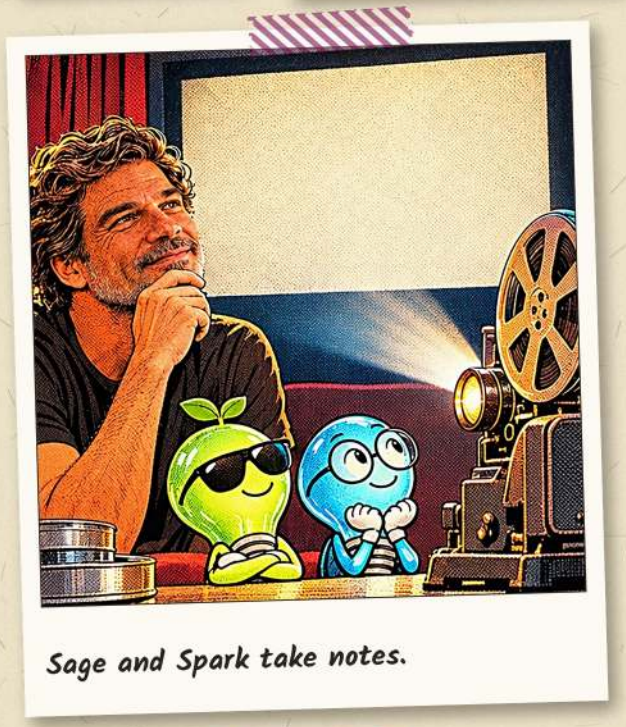

Then we sit down and watch it, like a real show.

Jason in the screening room.

Popcorn, a projector and two bulbs.

Sage and Spark take notes.

CAMPFIRE CHAT

SAGE

Watching it as a fan shows you what to fix.

SPARK

I cried at my own scene. Twice.

GIVE IT AWAY

JASON, YOUR HOST

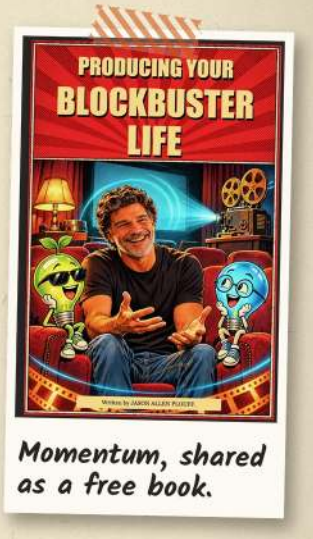

Then it goes out free, with a simple next step for anyone who wants help.

What you leave with: a decision, a priority, a 30-day plan.

Not a generic course. A live 90-minute session.

Momentum, shared as a free book.

CAMPFIRE CHAT

SAGE

Give the useful thing away first.

SPARK

Free comics! Good for the world. Coaching is good for the wallet.

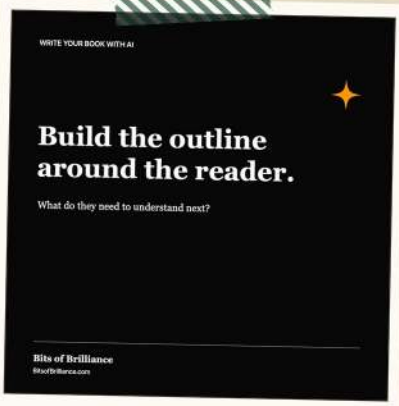

THEN DO IT AGAIN

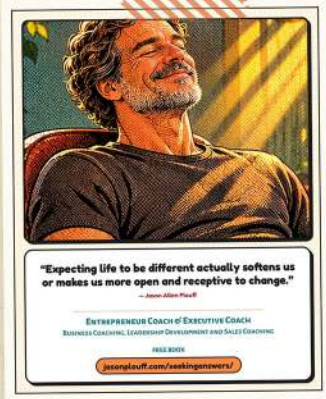

JASON, YOUR HOST

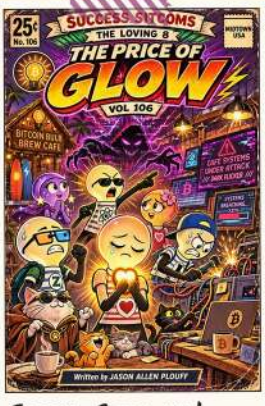

Photos, cast, script, frames, covers, pages, back, screening, launch. Repeat.

Bits of Brilliance: build the outline around the reader.

The Loving 8 at the Bitcoin Bulb Brew Cafe.

Jason, Sage and Spark at sunrise. Next volume.

CAMPFIRE CHAT

SAGE

A pipeline turns one good day into a habit.

SPARK

See? Ten steps. I counted on my filaments.
