Episode 2. Like the podcast, every issue picks up where the last one left off. Tonight: two weeks of Jason's photo stream, November 9 to 24, from book coaching and study notes to new bulbs, covers and comics.

CAMPFIRE CHAT

SAGE

Welcome back to the show. Same couch, new photos.

SPARK

Two weeks, one photo stream, zero naps. Roll it!

PREVIOUSLY ON ALMOST ANIMATED

JASON, YOUR HOST

Every episode starts with a notebook, a coffee and a sunset. Then the bulbs show up.

Nov 10: notebook by the window. "Agent Z, heavy price, foreshadowing, future episodes."

Nov 16: new bulbs on bikes, riding the beach at sunrise.

Nov 20: beachside fun with Lord Cat Whisperer.

CAMPFIRE CHAT

SAGE

The notebook remembers what the busy day forgets.

SPARK

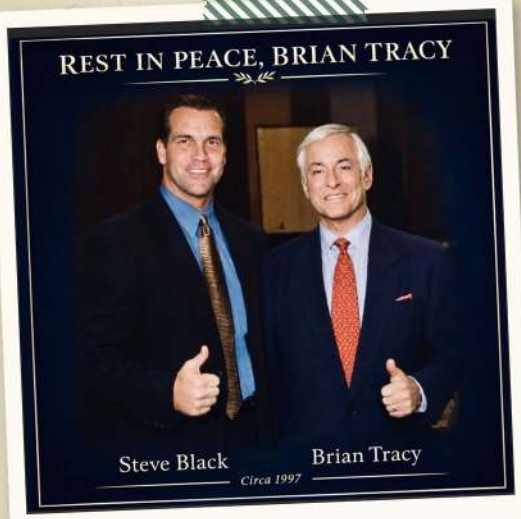

Foreshadowing! And Lord Cat Whisperer. I have questions. Mostly about the cats.

MENTORS IN THE REARVIEW

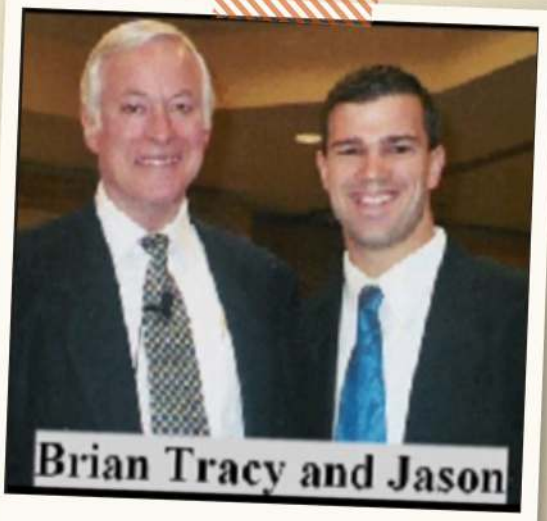

JASON, YOUR HOST

Brian Tracy passed away this month. A lot of what I teach started with him.

Nov 16: Rest in peace, Brian Tracy.

From the archive: Brian Tracy and Jason.

CAMPFIRE CHAT

SAGE

The best teachers keep teaching long after the seminar ends.

SPARK

Pass the light forward. That is basically our whole job.

PUT YOUR EXPERIENCE ON THE RECORD

JASON, YOUR HOST

Bits of Brilliance is the business side: book coaching, ghostwriting, editing and AI systems for experts.

Nov 9: "Put your experience on the record."

Nov 10: a client quote card from Tom Brenner, author of The Bitcoin Frequency.

Nov 10: "Your voice. Your legacy. A source people can return to."

CAMPFIRE CHAT

SAGE

Your experience is worth writing down. Somebody needs it.

SPARK

And a book is a business card nobody throws away!

JASON & JESS AT THE TABLE

JASON, YOUR HOST

Jess and I work through people's stories at one big table. These pictures show how a session feels.

A book with rigor: notes, coffee and a plan.

"AI cannot supply experience." The client brings the stories.

From raw material to a framework.

Find the thread.

A Bitcoin book that goes beyond the basics.

CAMPFIRE CHAT

SAGE

Listen first. The book is already in the stories.

SPARK

The yellow hat is Jess. She finds the good parts fast.

TALK FIRST, WRITE SECOND

JASON, YOUR HOST

We turned the method into a set of social images, one idea each.

Talk first, write second.

Your best bits deserve a legacy.

Custody of knowledge.

A table of decentralized thinkers.

The day as structure.

A signature framework.

CAMPFIRE CHAT

SAGE

Say it out loud first. Writing gets easier after that.

SPARK

Talking is my best skill. Writing it down is the bonus round.

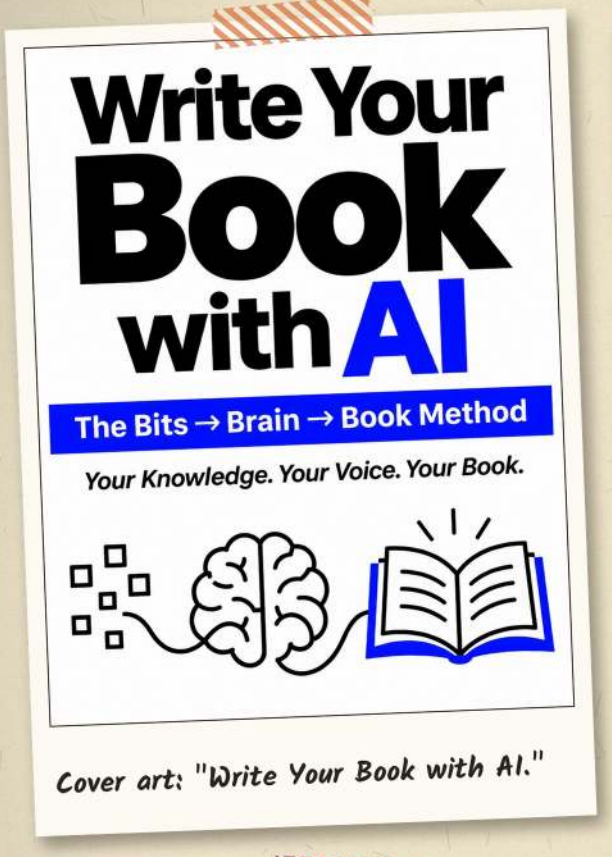

WRITE YOUR BOOK WITH AI

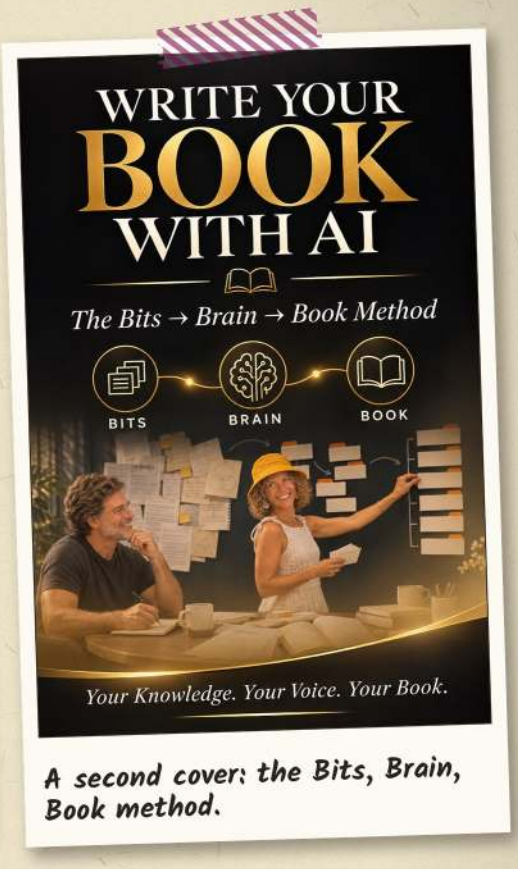

JASON, YOUR HOST

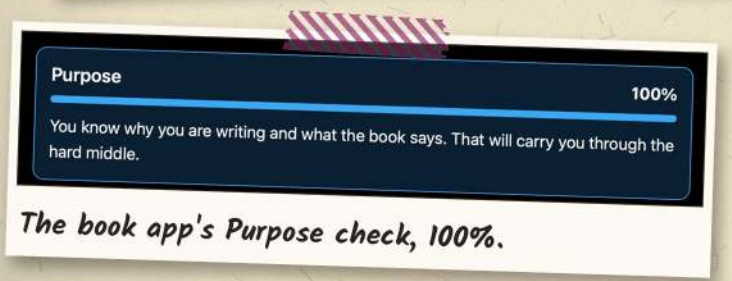

The Bits, Brain, Book method: your knowledge, your voice, your book, with AI helping.

Cover art: "Write Your Book with AI."

A second cover: the Bits, Brain, Book method.

The book app's Purpose check, 100%.

"Build your Book Brain."

"Capture first. Judge later."

CAMPFIRE CHAT

SAGE

Capture first, judge later. That is good advice for comics too.

SPARK

A Book Brain! Can mine be shaped like a bulb?

THE BULBS GET A DAY JOB

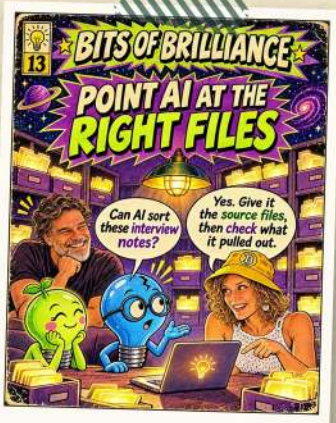

JASON, YOUR HOST

Then Sage and Spark started showing up in the business too, as comic covers for Bits of Brilliance.

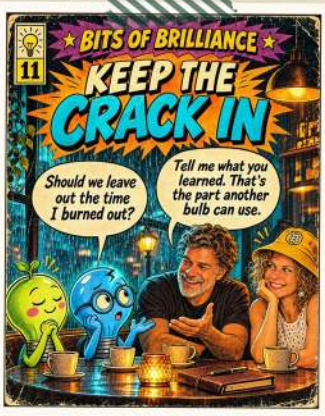

"One Reader in the Beam."

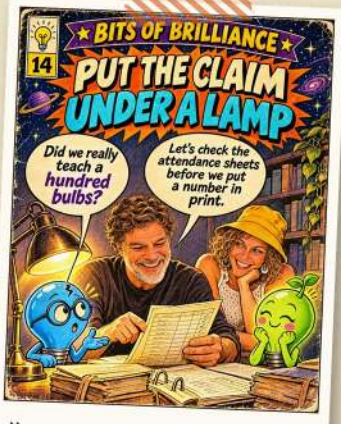

"Point AI at the Right Files."

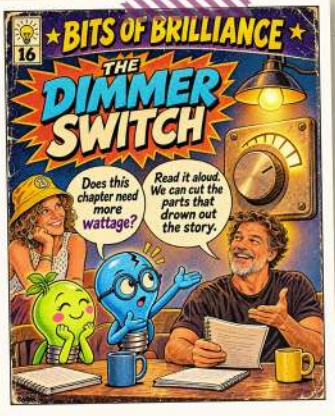

"Light Up Chapter One."

"Keep the Crack In."

"Put the Claim Under a Lamp."

"The Dimmer Switch."

CAMPFIRE CHAT

SAGE

Same bulbs, new job: helping people turn stories into books.

SPARK

"Check the attendance sheets before we put a number in print." I said that. Very professional.

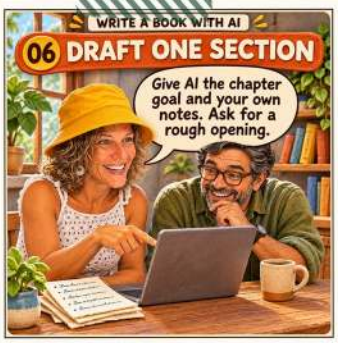

A CARD FOR EVERY STEP

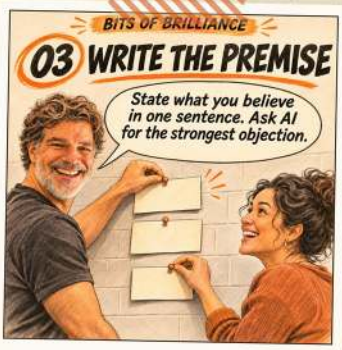

JASON, YOUR HOST

Every step of writing a book got its own card.

"Draft One Section."

"Write the Premise."

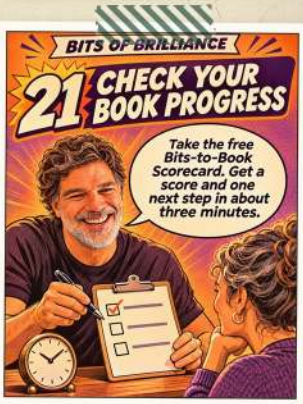

"Show AI Your Voice."

"Revise in Your Voice."

"Find Your Next Step."

"Check Your Book Progress."

CAMPFIRE CHAT

SAGE

One small step per card. Nobody writes a whole book in a day.

SPARK

Twenty-one cards. I would like a trading-card binder, please.

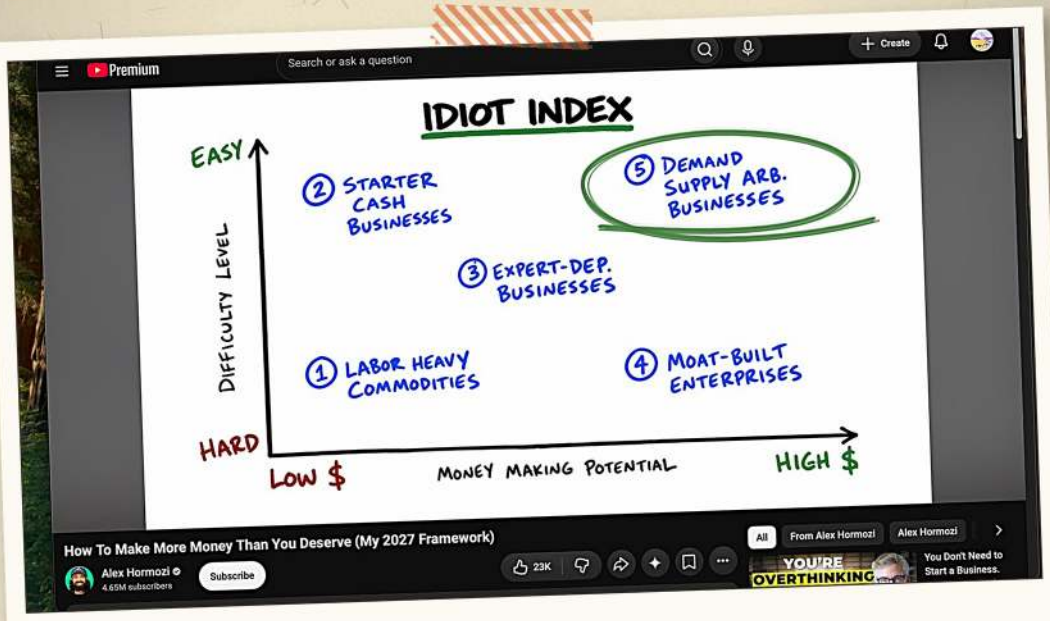

FIVE LEVELS OF FREEDOM

JASON, YOUR HOST

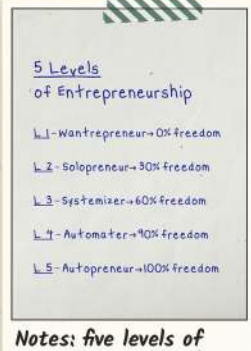

I keep studying how businesses grow, and I write down what sticks.

Nov 17: studying the "idiot index" on YouTube.

Nov 18: a Bits of Brilliance masterclass slide. Bring what you have, leave with a plan.

Notes: five levels of entrepreneurship, from 0% freedom to 100%.

CAMPFIRE CHAT

SAGE

Wantrepreneur to autopreneur. Every level is just the next honest step.

SPARK

I am currently at level "very enthusiastic."

THE SCALING ROADMAP

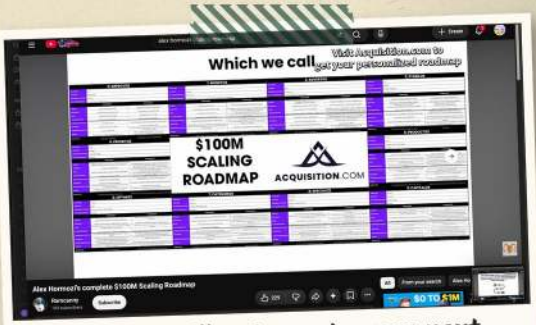

JASON, YOUR HOST

One morning of notes on a scaling roadmap video, frame by frame.

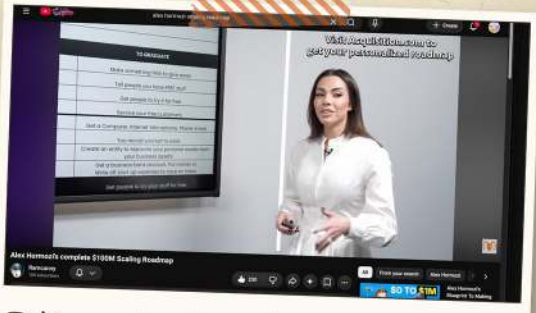

Levels on a scaling roadmap.

"Which one will get you to your next level?"

The roadmap pyramid.

Taking notes from the presenter.

CAMPFIRE CHAT

SAGE

Study what works, then make it yours.

SPARK

Good for the wallet. Also good for my notebook collection.

NEW BULBS KEEP ARRIVING

JASON, YOUR HOST

Meanwhile the bulb universe kept growing.

Nov 17: the Peace Pulse card. "Stillness brightens everything."

Nov 16: comic pages laid out on screen.

Nov 18: "I don't just see potential. I paint it."

CAMPFIRE CHAT

SAGE

A new bulb is a new way to see the same light.

SPARK

Peace Pulse says stillness brightens everything. I am trying. Very still. Mostly.

TRIBAL BERRIES, RE-BULBED

JASON, YOUR HOST

Tribal Berries got new bulb artwork and a tall animatic this week. One small piece of the bigger story.

Nov 17: new Tribal Berries bulb artwork, comic pages.

Nov 18: a back-cover scene tile: Jack and the Talking Tree.

Nov 18: an animatic panel, built tall for phones.

Another animatic panel: the glowing forest.

Animatic panel: the campfire.

CAMPFIRE CHAT

SAGE

Same story, new bulbs, new frames.

SPARK

The trees still talk. I checked.

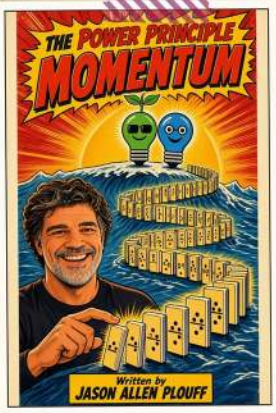

THE POWER PRINCIPLE: MOMENTUM

JASON, YOUR HOST

Momentum got new covers and chapter art. Line art inside, bold colour outside.

Cover II for The Power Principle: Momentum.

The contact sheet of every Momentum cover.

Chapter art: "Throwing Seeds into the Future."

Chapter art: "The Seasons of One Life."

CAMPFIRE CHAT

SAGE

Small steps, repeated, become momentum.

SPARK

So many covers. I still want the rocket.

THE BLACKLIGHT BULBZ CODEX

JASON, YOUR HOST

The Blacklight Bulbz got their own codex cards, and Social Bulb got a new one too.

Umbra Bulb.

Crown Bulb.

Mirror Bulb.

Vibe Bulb.

Nov 22: Social Bulb's character codex.

CAMPFIRE CHAT

SAGE

Know what each bulb wants, and the stories write themselves.

SPARK

Vibe Bulb says "feel the frequency." I feel it. I think.

VOL 106: THE PRICE OF GLOW

JASON, YOUR HOST

The Price of Glow kept moving: codex pages and five mock covers.

The Price of Glow character codex.

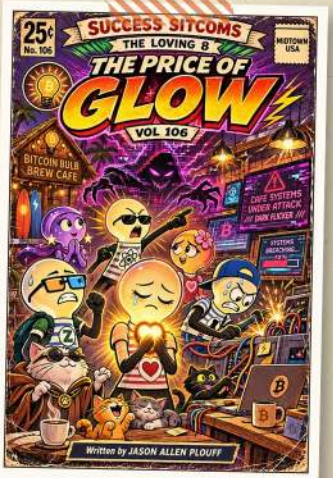

One 11 in The Price of Glow.

Mock cover: The Loving 8.

Mock cover: the café under siege.

Mock cover: Dark Flicker attacks.

CAMPFIRE CHAT

SAGE

Five covers, one show. Let people pick.

SPARK

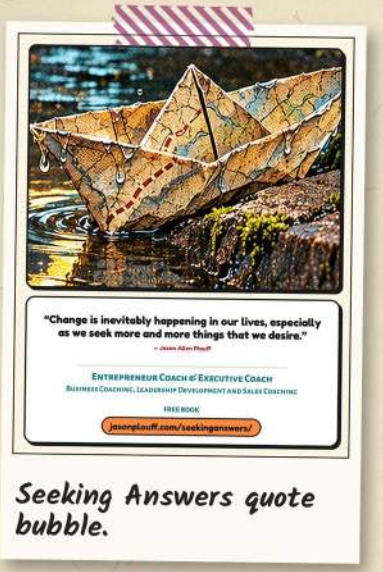

Café under siege?! Nobody touches the coffee.

SEEKING ANSWERS

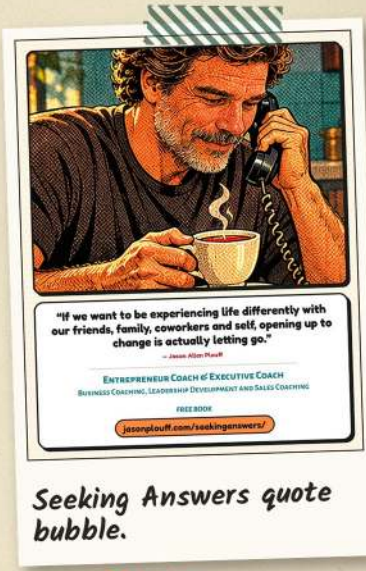

JASON, YOUR HOST

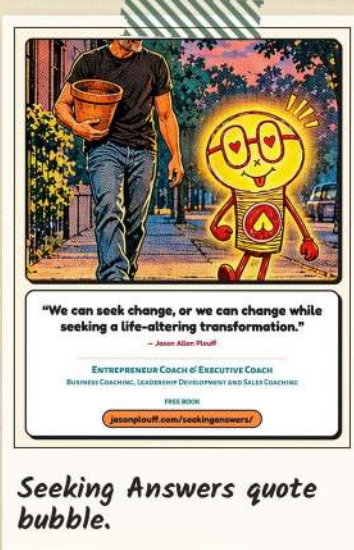

Quote bubbles: one line of wisdom, one illustration each.

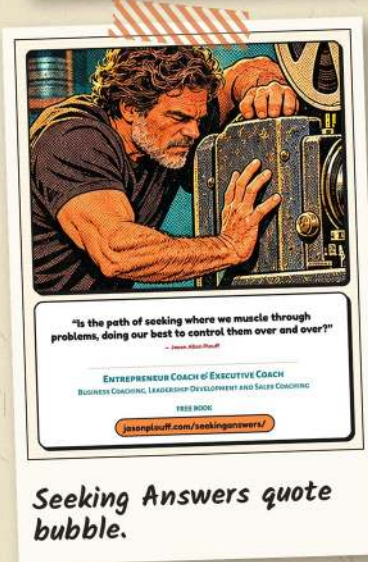

Seeking Answers quote bubble.

Seeking Answers quote bubble.

Seeking Answers quote bubble.

Seeking Answers quote bubble.

CAMPFIRE CHAT

SAGE

One good sentence can carry a whole day.

SPARK

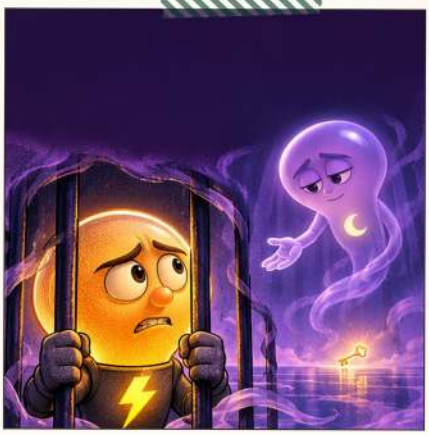

Quote bubbles! Like speech bubbles, but wiser.

BREAKING FREE

JASON, YOUR HOST

Breaking Free: a story about getting unstuck, told in comic panels.

Cover artwork.

Panel 9.

Panel 14.

Panel 25: the key.

CAMPFIRE CHAT

SAGE

Getting unstuck starts with noticing the bars.

SPARK

And then finding the key. Which was in your pocket. Classic.

SUPER HERO AT THE THERAPIST

JASON, YOUR HOST

A new script: a super hero on Dr. Heartglow's couch.

Page 5: INT. DR. HEARTGLOW'S OFFICE - DAY.

Page 23: "There are times of massive belief, and times of massive doubt."

A line-art comic shared on LinkedIn.

CAMPFIRE CHAT

SAGE

Even heroes need a calm room and a good listener.

SPARK

"You can say that again." The super hero, on page 23. Relatable.

FREE BOOKS AND REAL OFFERS

JASON, YOUR HOST

Then it goes out into the world: free ebooks, coaching offers, and posts.

Nov 20: the free ebook download page on jasonplouff.com.

Nov 23: "Your to-do list never becomes a plan."

Nov 23: book a 90-minute Breakthrough Coaching Call.

Nov 24: "I'm giving away my books for free."

CAMPFIRE CHAT

SAGE

Give the useful thing away first. Trust grows from there.

SPARK

Free books! Good for the world. The coaching call is good for the wallet.

WHERE IDEAS REALLY HAPPEN

JASON, YOUR HOST

And every idea ends up back at the Bitcoin Bulb Brew Cafe.

The Bitcoin Bulb Brew Cafe hut.

Bright idea: Sats for Sandwiches, a loyalty rewards pitch for the Brew Cafe.

Heartglow's Café character codex.

CAMPFIRE CHAT

SAGE

This is where ideas get real: good for the world, good for the wallet.

SPARK

Sats for sandwiches. I would like one sandwich, please. Paid in sats.
